

# Summer Reading & Math Intensive Enrichment Program

## Reading Enrichment Program: Session I & II – June 14 through July 9

This program will provide small group and individual reading instruction to address the needs of each individual student. We will work with each child at his/her level of learning and provide strategies to improve phonics, spelling, comprehension, fluency, accuracy and writing.

## Math Enrichment Program: Session III & IV – July 12 through August 6

Our students will study mathematics with a hands-on, concrete approach to learning math. Each child will be instructed at his/her level of learning in small groups or with individual lessons. If you have a student who enjoys the exploration of mathematics or who needs to improve math skills, this session is for you!

Our enrichment classes will be from 9 a.m. -12 p.m. Tuesday, Wednesday and Thursday.

### ENRICHMENT PROGRAM OPTIONS

- (1) Sign up for three mornings a week.
- (2) Sign up for summer camp, attend enrichment sessions three mornings a week and join regular summer camp on Monday through Friday for field trips, projects, activities and swimming.
